1. That the two manual instructors Sri Nagappakay and Varshneyan who have been temporarily appointed on Rs 50 each may be permanently placed in Class C IV (50-$\frac{10}{2}$-100) on a Starting pay of Rs 50 each. This involves the creation of 2 more appointments in Class C IV. The Comptroller has already objected to the increments in advance recently granted to certain teachers and so it is not clear how the manual training instructor may be started on Rs 50 on a graded appointment like Class C IV (50-$\frac{10}{2}$-100). If the present

A general scheme for manual instruction has not yet been drawn up & sanctioned. In the first letter on which the order of June 07 was passed some outlines of such a scheme were given but full details are necessary before the Scheme can be sanctioned. In the last proposals a full time Teacher of Sloyd ~~was~~ at each centre and a Supdt on 250Rs were included but the present proposals are different. Early action is necessary so that provision may be made in the budget of 08-09. Mr Bhabha may be asked to draw up a scheme & submit it with details as to cost &c. A uniform rate of 15 Rs for each of the 15 Teachers seems to be somewhat inappropriate owing to the disproportion between the Teachers rate substantive pay as will appear from the Tabular Statement in which I have inserted the latter In one case it is 25 percent more than the pay ie 125 percent of the pay Moreover one rate for graduates & the same rate for men of far inferior status may cause some disadvantage hereafter - Mr Bhabha may be requested to revise his proposal in this matter at an early date —

In para 13 of my Xxxem forwarded with my letter
no 7933/669 dated 28th April 1907 I had proposed the
formation of eight manual work centres in connection
with eight Government High schools and to appoint an
Instructor on Rs 50 solely for manual work at each Centre,
and a Superintendent on Rs 250/ for all centres
The experience gained in Dr Larsons training class
for teachers enables me to modify these proposals
and make them much less costly The two Assistants
of Dr Larson, Mr Nagavarkar and Mr Krishnaengar
will be full time Manual Instructors at Bangalore
and Mysore respectively, as owing to the large number
of Schools in these cities it is proposed to teach 11
sets of 30 boys each in a week They will also inspect
and Supervise the work of the other centres At the
other centres there will probably be not more than
three sets of 20 boys each to be instructed, especially as
boys of Vernacular schools at Divisional headquarters
are to be excluded As each of these smaller
centres two of the teachers trained in Dr Larsons
class will be able to conduct the 8 loyd classes, in
addition to their usual duties For them, I have
proposed a uniform allowance of Rs 15/- a month
as it is invidious to make minute distinctions
It is true that one man, who was chiefly selected because
he was a Mohamedan and knew carpentry, draws

NOTE—Contu sheet.

only Rs 12 as pay, and in his case the allowance of Rs 14/- seem excessive But he too has studied in the High School Forms, and has as good a knowledge of English as a Matriculate If a distinction must be made in the allowances according to Educational qualifications, I would propose that B A's be granted Rs 20/ a month, those who have passed the F A Examination or i.e. one or two branches of the B A Exam^n be granted Rs 15, and all others Rs 10/ According to this scale, the following will be the cost –

| | | |
|---|---|---|
| 5 B A's at | Rs 20 | - Rs 100 |
| 5 F A's at | Rs 15 | - 75 |
| 5 others at | Rs 10 | - 50 |
| | Total Rs 225/ monthly | |
| | or Rs 2700/ a year | |

I would prefer however that the allowance should be a uniform one of Rs 15/- Those who have not passed the B A Exam^n now may pass it in future, and the allowance is now given for a special qualification as Teacher of Sloyd which all have acquired according to the certificate given by Dr Larsson

As for Mr Nagavkar & Mr Krishnangar, I recommended Rs 50/ a month for them during their period of Training, though they deserved more for their technical qualifications alone Dr Larsson was so pleased with their progress that he strongly recommended before leaving that each of them should be paid Rs 150/ a month

# Submitted to His Highness

7C Q
Edn 7 39006)

In His Highness' order dated 5th August 1907 the entertainment of an establishment for manual training and art instruction at an annual cost of Rs 3,960 was sanctioned as a tentative measure. The details of the establishment are as follows -

| | Rs |
|---|---|
| 3 Manual Training Instructors @ Rs 50 - | 1,800 |
| 1 Art Instructor @ Rs 80 - - | 960 |
| 2 Art Instructors @ Rs 50 - - | 1,200 |

The Inspector General reports that although three Manual Training Instructors at Rs 50 were sanctioned, only two were appointed He now recommends that these two men may, in consideration of their special qualifications, be placed in Educational class C IV (Rs 50-$\frac{10}{2}$-100) and given a starting pay of Rs 80 in that class.

The Inspector General proposes to start manual instruction at Bangalore, Mysore, Kolar, Tumkur Hassan, Chikmagalur, Shimoga and Chitaldrug or Channapatna and for this purpose to employ fifteen men, teachers in Government schools, who have been trained under Dr Larsson He recommends that each of these teachers may be given an allowance of Rs 15 per mensem for this work, in addition to their permanent pay.

× ×
× Rs 20, Rs 15, Rs 10 are the three rates finally recommended by the DPI and approved by the Commissioner
Vth 27/Jan

The Inspector General has also made the following proposals -

1 To appoint 10 peons for the 8 proposed Sloyd centres, viz , one on Rs 8 for each of the 8 centres, and one extra on Rs 7 for Bangalore and Mysore

2 To raise the contingent grant of the Government Girls' School, Bangalore, and the Arya Balika Patasala, Bangalore, from Rs 5 and 6 respectively to Rs 10 each The increase is said to be chiefly on account of the purchase of various articles required in connection with kindergarten and nature study

Both the Councillors are in favour of the above proposals of the Inspector General being sanctioned.

I am, however, unable to recommend the proposal to place the Manual training Instructors in Educational class C iv, so as to bring up their pay to Rs 100 and entitle them in course of time to promotion to the higher classes Apart from their Sloyd training, the only qualification which these men have is in mechanical engineering. Their general educational qualifications are not high I am not sure that they have passed even the Matriculation examination In the Education Department, graduates have ordinarily to start on Rs 30 in class D i (Rs 30 rising to 50). In view however of Mr Bhabha's strong recommendation I would propose that the men may be given a pay of Rs 60 rising to Rs 80 in 5 years They may be taken on the permanent establishment

The other proposals of the Inspector General, which are concurred in by the Councillors, may also be sanctioned

SIR

PN

I have the honour to state that by Government Order No 11386-90/Edn 390-01-2 dated the 1st June 1907 sanctioning a scheme for the introduction of Kindergarten and Manual Instruction into the State the appointment of three Manual Training Instructors on Rs 50 per mensem was sanctioned I thought however that in the beginning two would do and appointed Mr D A Nagarkar a M-C and Mr H Kusumanagar a M E as Instructors under Dr G Lawson in September last They worked as two Assts at the same

time I can learn from them the principles and methods of Sloyd and have continued the Sloyd work at Bangalore, with the teachers under training since Dr Larsson left at the end of last month

2 Both Mr. Vagarkar and Mr Krishnamyar underwent a Course of three years in the Victoria Jubilee Technical Institute, Bombay and passed in the first class in Mechanical Engineering in December 1905. In Bombay young men who hold diplomas in Mechanical Engineering of the first class ordinarily get a pay of Rs 80 a month with the prospect of rising to Rs 150 or more in the course of a few years. Mr. Vagarkar and Mr Krishnamyar have, in addition to holding diplomas in Mechanical Engineering, acquired under Dr Larsson a knowledge of Sloyd and thus deserve higher pay than is given to them at present As proposed in my letter quoted in the Government Order referred to above, provision will be made shortly for manual instruction in Bangalore, Mysore, Tumkur, Kolar, Channapatna or

6 7 8

Chitaldroog, Hassan, Shimoga and Chikmagalur, and the teachers trained by Dr Larsson with his two Assistants will be employed to teach Sloyd in these Centres I beg to recommend therefore that both Mr. Nagarkar and Mr. Krishnamurthy, whose appointments have been sanctioned as a tentative and temporary measure by Government Order No. 1647-57/Edn. 390-06-11 dated the 19th August 1907 may be brought on the permanent establishment. They will be placed in charge of the Sloyd classes in the important Centres of Mysore and Bangalore and will be required, in addition to teaching the classes in their charge, to advise and guide manual Instructors in other Centres in their work, and inspect their classes and report upon them periodically. In consideration both of their qualifications and of the twofold nature and importance of their functions, I beg to recommend that (1) they may be placed in Class C IV (Rs. 50-$\frac{10}{2}$-100), (2) they may be given Rs. 80 to start with in C. IV

and (3) they may be granted travelling allowances at rates admissible to officers of that class under the Service Regulations, when they travel on duty

3 The subject of manual instruction as a part of general education, has been attracting attention in some of the Native States and in British India It would not do to lose the services of the two assistants of Dr Larson after they have been trained for want of suitable encouragement I would therefore strongly recommend that Government may be leased to improve the pay of the two manual instructors as proposed above, as an inducement for them to stay and work in Mysore permanently.

I have the honour to be,
Sir,
Your most obedient servant,

H P Bhabha

SIR,

I have the honour to inform you that besides the two Manual Training Instructors who worked under Dr G. Larsson as his assistants, 19 teachers of whom 15 are employed in Government schools have successfully undergone a special course of Sloyd for teachers lasting from September 1907 to February 1908 and will receive Certificates to that effect. Their services may now be utilised for providing Manual instruction in Bangalore, Mysore, Tumkur, Kolar, Hassan, Shimoga, Chikmagalur and Chitaldroog - I have ordered the necessary Sloyd tools and

work benches for these 8 Centres as
to open classes for manual training in
connection with the Government High Schools
in each of the above Centres in July next
There will be two teachers of Sloyd for each
Centre and they will be required to teach
this subject to the pupils of the Local High
and Anglo-Vernacular Schools, a certain
number of hours in a week in addition
to their duties in the High School or Anglo-
Vernacular School in which they are
employed For the special work which
they will be required to do, I request
that Government may be pleased to
sanction a monthly allowance of Rs. 15/-
in addition to his pay for each teacher
engaged in manual instruction and to
provide a sum of Rs. 2700 for the pur-
pose in the State Fund Budget for
1908-9 The success of the Scheme depends
mainly upon the efficiency and earnest-
ness of the batch of teachers whom Dr
Larsson has trained. I request that
the allowance recommended may be
kindly sanctioned as an encouragement
